

Considering an online graduate degree or new professional development skill?

Choose UD for career-advancing education options

Move to the next level in your career with UD's **professional development programs** or **online degree programs**

FLEXIBILITY FOR WORKING ADULTS—

Designed with working professionals in mind, both online degrees and professional development programs feature extensive faculty interaction and cohort learning, while offering the convenience and flexibility of a self-paced learning environment.

ACADEMIC AND PROFESSIONAL BREADTH—

Choose from nationally ranked UD graduate degrees or certificates, as well as UD professional development programs. Many students are able to earn their master's degree in as little as 18 months, and most professional development programs can be completed in 3-4 months with participants earning digital badges.

TOP-RANKED UNIVERSITY, WORLD-CLASS FACULTY, REAL-WORLD EXPERTS—

Tap into UD's resources and knowledge as a top-ranked public research university with over 1,500 faculty, experts and industry practitioners working and researching in all areas.

Take advantage of our membership in the University of Delaware Education Alliance to achieve your educational goals.
